Clean India and Green India is the two great mission launched by India which is set by UNO under the millennium Development Goals (MDG), which are the yardstick of the agenda of sustainable development. And for the same objective the Government of India has launched a scheme in the name of "Swachh Bharat Abhiyan".

Clean India and Green India are the two sides of one coin, i.e. sustainable development in India. Clean India or Swachh Bharat Abhiyan (SBA) was the dream of the father of the nation. Nirmal Bharat Abhiyan was renamed as Swachh Bharat Abhiyan by the Cabinet approval on 24<sup>th</sup> September, 2014, it is a National level Campaign which was started by the government of India, on October 2, 2014, 145<sup>th</sup> birth anniversary of Mahatma Gandhi. The purpose of this campaign is to clean all the towns and villages of India. 'Mahatma Gandhi' had a dream to make a clean country, so he gave an excellent message to the nation by providing education to keep the people around him clean and said Sanitation is much more important than independence. On the inauguration of this mission, about 30 lakh schools and college students and government employees took part. The famous slogan towards Swachh Bharat Abhiyan or Clean India is "One Step towards Cleanliness".

The main objectives of Swachh Bharat Abhiyan is to Reduce or eliminate open defecation through the construction of individual cluster and community toilets, to convert the insanitary toilets into pour flush toilets to remove the system of manual scavenging. Establishment of accountable and transparent mechanism of monitoring the work of government. Indian Government had goal to open defecation free (ODF) India by October 2, 2019.

## "Clean India Green India"

India wants this 'CLEAN INDIA GREEN INDIA' run urgently. The curall government of our cities, towns, settlements, rivers, seas, lakes, hill-stations, parks, garden, public transport system, railroad facilities, open bathrooms, etc. all indicate us as a nation are not pro-cleanliness! This broad 'Swatch Bharat Abhiyan' is another evidence of our indifference to the squalor being unleashed in us!

Cleanliness is next to godliness; cleanliness means maintaining neatness both physically & mentally. We can estimate and analyze a person by his way of dressing. If one dresses carelessly all the people will assess his character. A good heart is moduled from a good character. Cleanliness of mind will promote spiritual perfection and happiness. Swatch Bharat is a Campaign recently announced by our PM. Narendra Modi.

This is a Campaign to bring out / produce a Clean India. This Campaign is for the clean environment & for a clean India tomorrow. This Campaign will end / finish at 2019. It is a Cleanliness Program. Signed by our P.M. he took broom and he started program SLOGAN: Swachh Bharat is not modis task it is peoples task. The clean water, environment and surroundings: home. Act

Act has made advance to our society that have helped our Environment to flourish with life. Take out the rubbish, and the students themselves take responsibility for keeping their schools, colleges green. "cleanliness is next to godliness" clean AND green maintain our environment clean and green keep plants around the house.

It was organized by india's 15<sup>th</sup> prime Minister Narendra Modi clean india is duty of every citizen cleanliness india is a beautiful india. Lets be cleaner lets be civilized clean india we get green india. Clean india is duty of every citizen, cleanliness india is a beautiful india. Environment has received a lot of attention. Not only intellectual but even the ordinary men and women are becoming aware of the need to have a clean environment. The importance of good and clean environment cannot be described adequately.

The CLEAN-India Programme aims to mobilise Community responsibility for environmental assessment and improvement in all major towns & cities of india through schools and NGOs linked with government, business, academies and other institutions. If we clean india we get a green & healthy india. This campaign was officially launched 2 October 2014 at daylight, New Delhi, where Prime

Minister Narendra Modi himself wielded broom and cleared a road. The Campaign is India's biggest ever cleanliness drive and 3 million govt. employees and schools and college students of India participated in this event. is a national level campaign by the Government of India covering 4041 statutory towns to clean the streets, roads and infrastructure of the country.

"If all the citizen of India worked to make India clean, then sure one day the dream of our Prime minister will come true."
